Kettering Medical Center System

Kettering Medical Center Sycamore Medical Center

Applicant: Check off the “Requested” box for each privilege requested. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, current clinical activity, and other qualifications and for resolving any doubts related to qualifications for requested privileges.

Clinical Service Chief: Check the appropriate box for recommendation on the last page of this form. If recommended with conditions or not recommended, provide condition or explanation on the last page of this form.

Other Requirements

- Note that privileges granted may only be exercised at the site(s) and setting(s) that have the appropriate equipment, license, beds, staff, and other support required to provide the services defined in this document. Site-specific services may be defined in hospital or department policy.
- This document is focused on defining qualifications related to competency to exercise clinical privileges. The applicant must also adhere to any additional organizational, regulatory, or accreditation requirements that the organization is obligated to meet.

QUALIFICATIONS FOR ALLERGY/IMMUNOLOGY

To be eligible to apply for core privileges in allergy/immunology, the initial applicant must meet the following criteria:

Successful completion of an Accreditation Council for Graduate Medical Education (ACGME)– or American Osteopathic Association (AOA)–accredited residency in internal medicine or pediatrics followed by an accredited residency in allergy and immunology.

AND

Current certification or active participation in the examination process with achievement of certification within six years leading to certification in allergy and immunology by the American Board of Allergy and Immunology or subspecialty certification in allergy and immunology by the American Osteopathic Board of Internal Medicine.

Required previous experience: Applicants for initial appointment must be able to demonstrate provision of allergy/immunology services, reflective of the scope of privileges requested, to [n] inpatients or outpatients during the past 12 months or demonstrate successful completion of an ACGME- or AOA-accredited residency, clinical fellowship, or research in a clinical setting within the past 12 months.

Reappointment requirements: To be eligible to renew core privileges in allergy/immunology, the applicant must meet the following maintenance of privilege criteria:

Current demonstrated competence and an adequate volume of experience with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges.
